

mySpa plunge

Small footprint backyard pools for splash, play & weightless exercise

 **sapphire spas.**
australian made & family owned

Proudly Australian
made & family owned

A SIMPLE STATEMENT BUT
ONE WE ARE EXTREMELY
PROUD OF

The level of pride shines through on every one of our spas, you'll find the same uncompromising build quality and component selection right across our range. Manufactured right here in Australia with optimum components, sourced worldwide from the very best available, every Sapphire Spa is backed by our unmatched Aussie Tough warranty. Big business stability, coupled with small business service guarantees you quality, consistency and reliability.

With a long history of providing both comfort and innovation with our product, we have recently reviewed every shape, colour, massage layout and energy saving component to ensure you will receive years of pleasure from your Sapphire Spa.

Innovations such as our world leading Varidrive 80 – Variable Speed Massage pump allows you to select from 80 precise jet pressure settings, or alternatively activate one of the pre-programmed massage modes that will provide you with the ultimate relaxation.

We bring the benefits of Ozone & UV Light together in the Clearzone Water Sanitisation to provide the most efficient sanitisation process available saving you time and money on maintaining the best looking spa.

You know our spas are locally manufactured but, more importantly, they are locally serviced for your peace of mind. If, by some chance, you need our help, then one of our dedicated retail network team is only a local phone call away. Rest assured that you are protected by the Sapphire Spas lifecare commitment.

Above all else, our spas are world renowned for being the most comfortable, come and try one today, we are sure you will love them as much as we do.

Energy efficiency

SQR jets
Next generation of jet technology delivering greater jet pressure and sealant free installation.

Lockable hard cover
Every spa is supplied with an Australian made custom fit hard cover with high density foam core and extended side skirt for security and heat retention.

Cabinet insulation
Advanced reflective laminate. Durable non-allergenic and water resistant.

Custom fit cabinet
Hand crafted cabinet to suit every spa model. Canadian cedar cabinet as standard or the choice of composite duratek.

Smart control system
Powersave technology for lower operating costs including programmable offpeak heating and smart meter compatible.

ABS base
Tough abs base with integrated layer of insulation for further heat retention.

Insulated shell
High density foam traps heat inside the cabinet.

Smartflo filtration pump
Dedicated filtration pump with cost effective power consumption providing the highest level of filtration for sparkling clean water quality.

Smartflo boost pump
Premium High Efficiency Smartflo Boost Pumps with advanced wet end technology delivering increased water flow without consuming additional power.

Exclusive dynamic thermal tuning
Automatically adapts heating and filtration cycles leading to efficient use of power.

SUPERIOR PERFORMANCE WITH SUPERIOR FEATURES

SQR jet system

- New spectrum jets on all sapphire spas.
- SQR (Simple, Quick, Reliable) System.
- Better seals to provide increased jet pressure.

Superior performance

- 20% increase in pressure achieved via a more effective venturi.
- Almost zero water bypass resulting in more water being forced into the jet.
- Free flowing jet that allows greater pressure at jet face.

Advanced manufacturing

- Less steps, less tools.
- Less chance of errors and greater consistency.
- Tried and tested in the USA and Europe.
- Superior comfort and ergonomics.

Unrivalled reliability

- Significantly reduced potential for leaks.
- Introduction of a new locking mechanism.
- Jets that can be removed with ease and are less prone to getting stiff.

Essential collection

Swim spa steps

Treated Pine frame with High Quality Merbau Treads, the three tier design allows you to gain easy entry into our range of Swim Spas.

Clearzone

- ✓ NO chemical smell or taste
- ✓ NO skin or eye irritation
- ✓ REDUCED running costs
- ✓ NO corrosive effect
- ✓ NO need for daily chlorine dose
- ✓ NO shower needed after your spa

smartTOUCH digital touchpad

Large 4.3" viewing area, optimised for use outdoors, the anti-glare and anti-reflective screen is easy to use with wet or dry hands.

With software tailored for use with your Sapphire Spa, intuitive menus let you take control of every function with ease.

Heat&cool pump

Spanet Heat Pumps are the most environmentally friendly and energy efficient spa heaters available in Australia.

Combined with our holistic approach on building energy efficient spas, you will experience savings of up to 75% over conventional electric heaters.

Spanet Heat Pumps are fully integrated into our operating systems which means no need to have an electrician install wiring as power is sourced directly from spa.

Quality design and built with stainless steel and composite construction makes a Spanet pump ideal for any environment.

mySpaLINK

Control your spa from anywhere in the world. The mySpaLINK module and 'app' allow you to connect to and take control of your spa, locally or remotely via a WiFi, 3G or 4G network, providing access to your spa from any location at any time.

mySpaHiFi

Combined with mySpaLINK, mySpaHiFi delivers a high definition stereo sound system for your spa, offering exceptional sound clarity with subwoofer support.

Stream music directly to your spa from any bluetooth smart device. Sophisticated transducer technology produces immersive underwater surround sound as the sound waves are fed through the spa shell and amplified by the volume of water.

Gallery of installations

We invite you to have a look through our gallery of photos from our happy customers, who have kindly shared photos of where they've installed their spa & how much it's already become a part of their daily life. Hopefully this gives you some inspiration of how a Sapphire Spa can make a difference to your life.
